Since 1979, millions of people have trusted moneycorp to exchange and transfer their money around the world. With the most competitive exchange rates in the industry, topped off with our first-class customer service, we know we will save you money, simply and securely.

We will get you the right rate

The exchange rate you get will vary depending on the company you use. Most banks are not currency specialists and typically will not offer the best rate - we are and will.

At the right time...

Timing is crucial. Exchange rates fluctuate and this will affect the amount of currency that you end up with. moneycorp will monitor the market for you, giving you the ability to take advantage of rates when they move in your favour and offer protection if they go down.

It's simple

- Open a free, no obligation trading account
- Speak to us for support and guidance
- Book your transfer online or over the phone
- Wire us your money and we will send your currency

It's secure

- We are a licensed Money Service Business in both the UK and USA, regulated by the Financial Conduct Authority and FinCEN
- We have excellent credit ratings with Dun&Bradstreet and other credit agencies

Let's get started.

Visit www.moneycorp.com/usa to open your free, no obligation trading account and start saving money.

Please quote: Harding Bell International when contacting moneycorp.

Harding Bell International and Moneycorp have agreed that proceeds received as a result of this relationship are to benefit Noah's Ark of Central Florida.
